Michelle Yancy advised the Committee that this item reflected an incorrect account number.

This item was approved contingent upon receiving updated account information.

2. Baydoun/Clemente

Approved. Amendment No. 4 to a one-year comparable-source contract between the Charter County of Wayne and Signs by Crannie (of Flint) not to exceed \$315,000, extending the term and adding to the scope of work, for continued improvement of signage and wayfinding at the Holliday Nature Preserve; per the total contract amount, it will continue to subcontract 8.02%/\$89,376 with BNE Services (of Livonia) for the repair of masonry walls at the Inkster Valley Golf Course; the term is extended through December 31, 2026; the term of the original contract and previous amendments was from July 22, 2021 through December 31, 2025; the amount is increased from \$798,994.86 to \$1,113,994.86; the cost will be charged to Account No. 21102 449020 8170010 (CSLRF Prog Public Serv DPS). (2021-60-053M4) Motion Carried.

Commissioner Peterson-Mayberry had questions regarding additional dollars.

Elizabeth Iszler explained that the Department has been replacing signs throughout park system and spending money each year for that, as well as changing the focus of what's being done each year. Under Corporation Counsel's advisement, the contract is being extended as opposed to starting a new contract.

3. Baydoun/Clemente

Approved. Amendment No. 1 to a three-year professional services contract with a one-year option to renew between the Charter County of Wayne and Wade Trim Associates, Inc. (of Detroit), with no change in the dollar amount, exercising the option to renew and extending the term for two additional years, to allow for the construction activities for the Swan Drive Bridge replacement over Swan Channel to occur and post construction in Grosse Ile Township; it will continue to subcontract 7.70%/\$27,460.52 to GeoTran Consultants, LLC (of Brighton) for testing and geotechnical investigation, 0.56%/\$2,000 to Testing Engineering & Consultants, Inc. (2023-30-053M1) Motion Carried.

4. Baydoun/Clemente

Approved. A contract between the Charter County of Wayne and the Michigan Department of Transportation in the estimated amount of \$1,843,105 for improvements along Northline Road from Allen Road to Agnes Street in the City of Southgate; the Executive's Office advises that funding will consist of \$1,508,581 in Federal STP-U funds, \$167,262 from the City of Southgate and Wayne County will contribute \$167,262; the term will commence upon Commission approval through September 30, 2030; the revenue will be deposited into Account Nos. 20101 449050

5110250 (\$1,508,581 Fed STP-U Funds) and 20101 449050 5830010 (\$167,262 City of Southgate); the cost will be charged to Account Nos. 20101 449080 9710100 (\$1,602,700 Construction Cost) and 20101 449080 7020010 (\$240,405 Construction Engineering Cost). (2026-30-016) Motion Carried.

5. Baydoun/Clemente

Ratified. Amendment No. 1 to a cooperative agreement between the Charter County of Wayne and The Detroit Salt Company (of Detroit) not to exceed \$1,451,272.50, through the State of Michigan Department of Technology, Management, and Budget (MiDEAL) contract No. MA18000000768, for the purchase of 23,850 tons of road salt; it will continue to subcontract with Loehnis Transport (of Memphis), Stonecold Transport (of Livonia), John D. Osborne Trucking (of Romulus) and Boones Express (of Lake Orion) for trucking, respectively; the term remains from November 6, 2026 through August 31, 2026; the total amount is increased from \$4,837,575 to \$6,288,847.50; the cost will be charged to Account No. 20101 449000 7780010 (DPS Equipment Inventory). (2025-26-014M1) Motion Carried.

Note: Chair Bell granted exigent approval on February 13, 2026.

There was discussion regarding why a Memphis-based company was chosen.

Michelle Yancy explained that Detroit Salt Company is the vendor and that the headquarters may be in Memphis and they transport the salt to the County.

There was discussion regarding the amount of salt being used and if more was needed.

Erik Ludwick explained that the amount of snow expected was exceeded, exhausted 50% of salt pile, and 30% additional salt is requested to prepare for more snow so it won't run out.

6. Baydoun/Clemente

Approved. A cooperative agreement between the Charter County of Wayne and Altec Industries, Inc. RE: Transmittal of the January 2026 Report related to calls made to the 1-888-Road-Crew for the Department of Public Services – Roads Division (TCM No. 2026-33-012)

Dear Commission Chair Bell:

The Department of Public Services – Roads Division respectfully submits to receive and file the attached 1-888-Road Crew report for January 2026.

The Wayne County Commission through its 2025-2026 budget instructions requested a monthly report of all compliant calls made to 1-888-Road-Crew during the year sorted by each Commissioners District. The attached report are all calls made in the month of January 2026.

It is therefore requested that the Wayne County Commission adopt the appropriate resolution to receive and file this report.

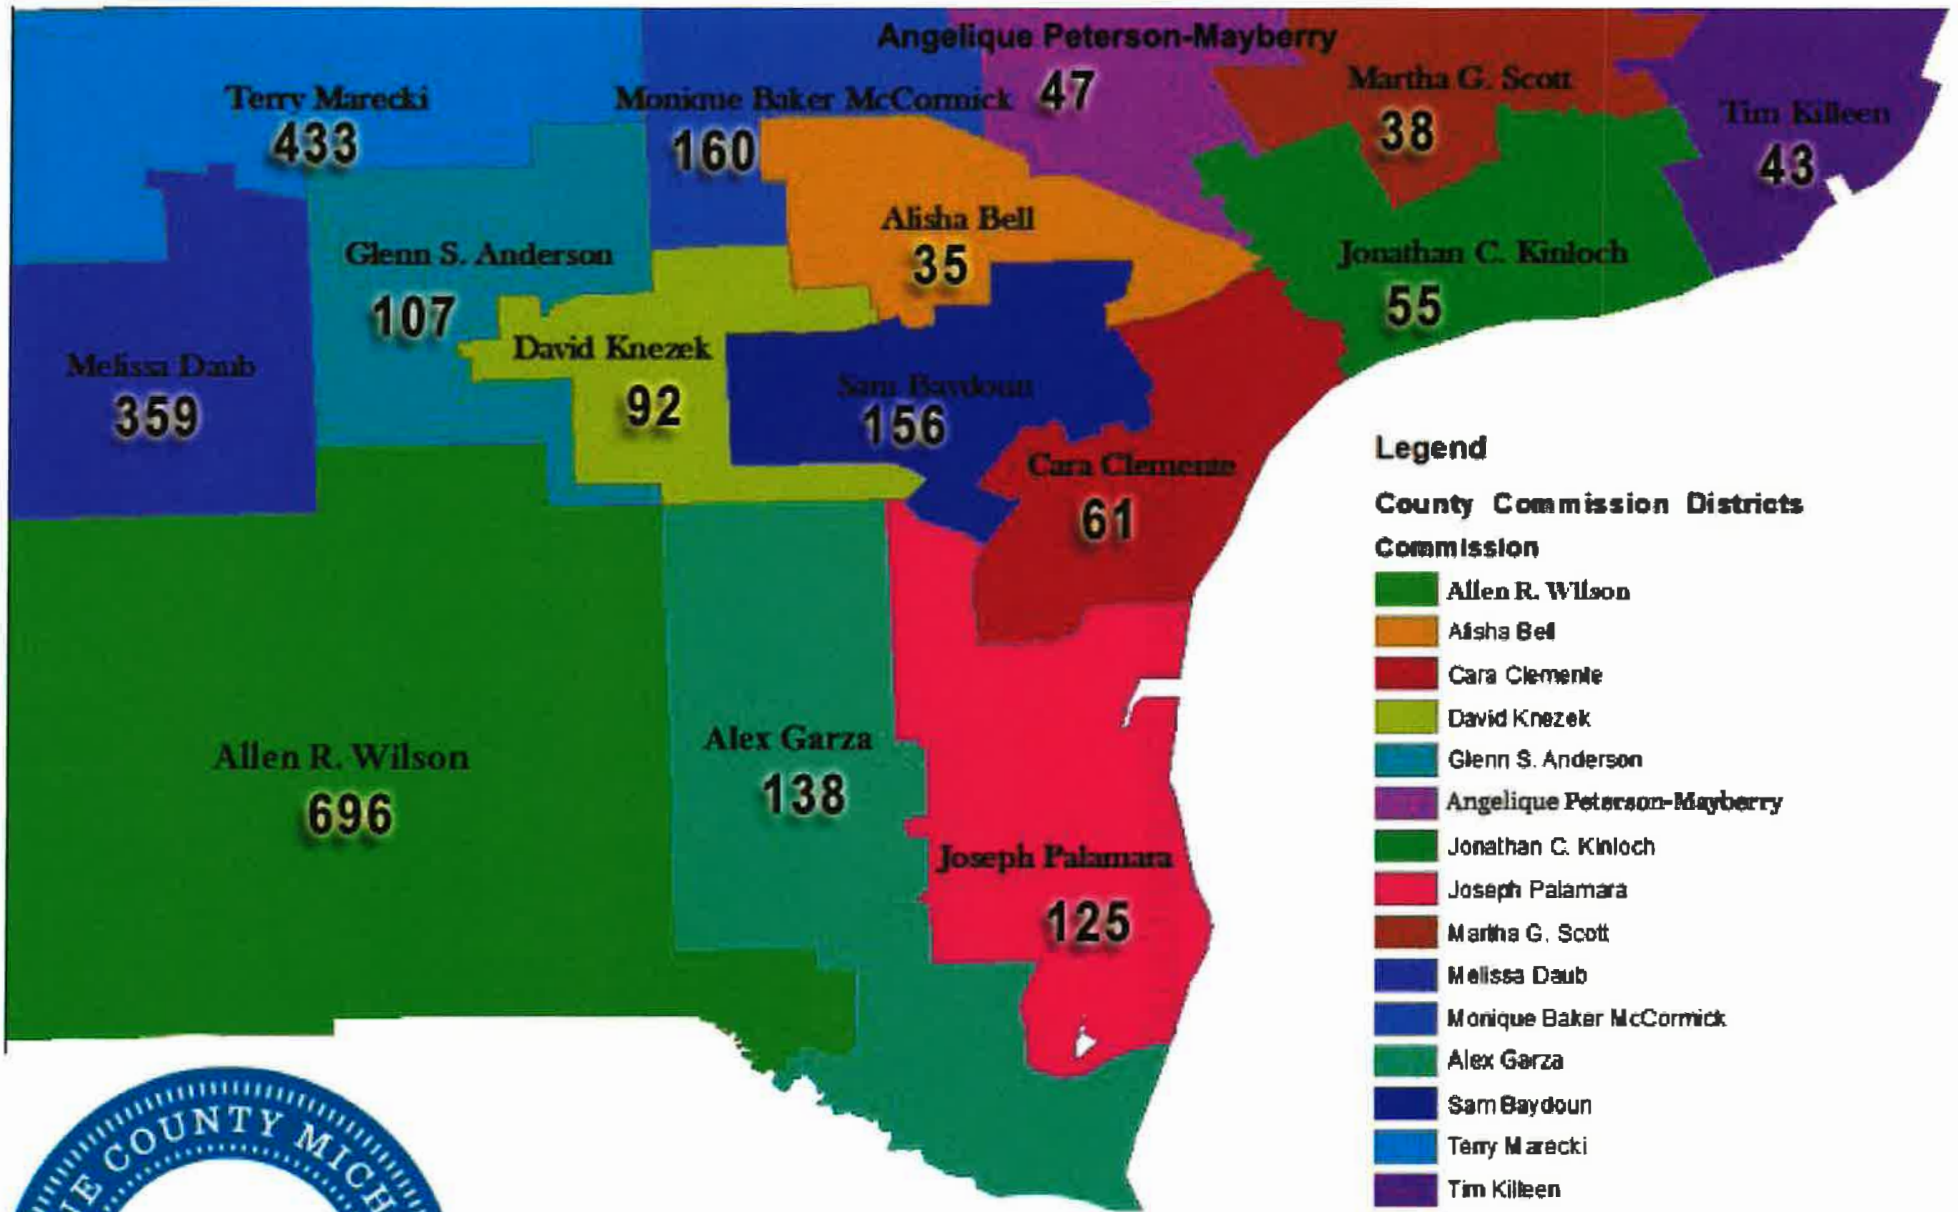

Respectfully,

COMMITTEE ON PUBLIC SERVICES

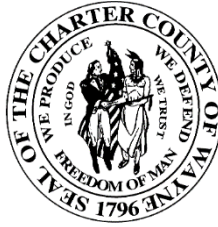

March 10, 2026

E.2. LGC Global, Inc.

(2023-33-006M1)

*Wayne County Commission
Office of Research and Analysis*

**Chair
Alisha Bell**

**Referral Analysis
(12/22/25)**

AMENDMENT NO. 1 TO A THREE-YEAR PROFESSIONAL SERVICES CONTRACT WITH TWO, ONE-YEAR OPTIONS TO RENEW WITH LGC GLOBAL, INC., EXERCISING BOTH OPTIONS TO RENEW, TO CONTINUE TO PROVIDE AS-NEEDED POTHOLE REPAIR SERVICES USING COLD PATCH MATERIAL (2023-33-006M1)

CONTENT

The Department of Public Services, Roads Maintenance Division, is requesting Commission approval of Amendment No. 1 to a three-year professional services contract with two, one-year options to renew with LGC Global, Inc. (of Detroit), exercising both options to renew, to continue to provide as-needed pothole repair services using cold patch material.

AMOUNT

The amount is not to exceed \$500,000.

This amendment increases the total amount from \$2,775,000 to \$3,275,000

This contract is Act 51-funded.

SUBCONTRACTORS

Per the total contract amount:

- 17.20%/\$563,400.57 to OCG Companies LLC (of Bloomfield Hills) for catch basin structure repairs
- 63.55%/\$2,081,250 to KMI Road Maintenance (of Burton) for hard surface repair and restoration

TERM

The term is from February 2, 2026 through February 1, 2028.

The term of the original contract was from February 2, 2023 through February 1, 2026.

The overall term of the contract will be from February 2, 2023 through February 1, 2028, with no options to renew remaining.

SCOPE

- LGC Global, Inc. must provide as-needed pothole repair services using cold patch material provided by the County within 12 hours of request.
- LGC Global, Inc. must complete 10 tons of patch material per day (eight-hour timeframe).
- LGC Global, Inc. must provide all labor, traffic control and equipment only (cold patch material will be provided by the County) to complete pothole repair work on County roads at various locations.
- The County will provide the cold patch material to LGC Global, Inc. from the nearest County yard.
- The County will keep track of all material used by the contractor.

SPONSORING A CONSORTIUM (COOPERATIVE) AGREEMENT

Per Procurement Ordinance Section 120-181, the Department advises that the County is sponsoring this contract as a consortium agreement through the Michigan Association of Counties (MAC) Corporation-Collaborative Procurement Plus Program (CoPro+).

- **Administrative Rebate Fee of 1.5%**
Sponsorship requires the County to collect an administrative rebate fee of 1.5% on a quarterly basis from LGC Global, Inc. The fee will be calculated against the quarterly sales volume (actual sales) for all purchases made under this agreement. These administrative fees will be distributed among the MAC Corporation, the County and other CoPro+ members utilizing this agreement.

WHY THIS IS BEFORE THE COMMISSION

This amendment is before the Commission because full approval authority is retained by the County Commission for contracts for supplies and services at or in excess of \$150,000 under Procurement Ordinance Section 120-121(a).

PRELIMINARY CONCERNS

Retroactivity

- **Will the vendor have performed services or received payment under this Amendment No. 1 prior to Commission approval? If so, why?**
 - Response from the Department of Public Services: “No”

Potholes Repaired

- **How many potholes have been repaired so far with the underlying contract?**
- **How many potholes are expected to be repaired under this Amendment No. 1?**
 - Response from the Department of Public Services: “We don’t measure my the number of potholes repaired. We do however measure by tons and we’ve used 3,400tons thus far. 1,100 will be used for this amendment.”

This resolution would approve a one (1) year contract renewal/modification (2nd contract overall) between the County of Wayne and LGC Global, Inc. (Detroit, MI) in the amount not to exceed \$500,000. Of the \$500,000, an estimated \$346,154 is allocated for FY 25-26. ***This modification will extend the term of this contract to February 1, 2028.***

- ***The overall term of the contract will be from February 2, 2023 to February 1, 2028.***
- This contract renewal/modification is for additional funding and an extension of time.
- This contract renewal/modification exercises both of the two (2) available one-year renewal options. After these renewal options are exercised, zero (0) one-year renewal options remain.
- This contract renewal/modification increases the unit price per ton from \$398 to \$450, effective on the date that this modification is approved by the Wayne County Commission.
- This overall contract will continue to be for as-needed pothole repair services using cold patch material.
 - This contract requires that ten (10) tons of patch material be completed per day, within an eight (8) hour timeframe.

This contract modification will increase the total awarded amount by 18% and bring the total awarded amount to \$3,275,000.

- The Commission approved the original three (3) year contract, with two (2) one-year renewal options, on February 2, 2023, under Resolution 2023-057, in the amount not to exceed \$2,775,000. ***The term of this contract was from February 2, 2023 to February 1, 2026.***

Appendix A: Scope of Services
(2026-33-002)**

APPENDIX A: SCOPE OF SERVICES

I. Objectives and Purpose

The Contractor shall provide janitorial and window cleaning services at the County's Central Maintenance Yard (Buildings 1, 2, 3 and 4) located at 29900 Goddard Road, Romulus, MI 48174. The Contractor shall provide all personnel, equipment, cleaning supplies, supervision, inspection, transportation and other items and services necessary to perform satisfactorily all services required hereunder, except where specifically stated otherwise in this Contract. Wayne County will not furnish any cleaning materials or equipment unless specified in specifications. All work performed in strict accordance with specifications and performance standards herein.

The Wayne County Division Director, or designated representative, will decide all questions, which may arise as to the quality and acceptability of any work performed and/or materials supplies under the contract. If, in the opinion of the Wayne County designated representative for the facility, the Contractor's performance becomes unsatisfactory, the Contractor shall be notified of specific area(s) requiring corrective actions.

II. Specifications

The program as herein outlined is designed to cover operations more in the category of housekeeping than that of specific and detailed janitorial service. It shall be understood that all work in the housekeeping line will be completed whether or not it is included in the detailed specifications.

The Contractor shall provide all personnel, equipment and supplies necessary to perform satisfactorily all services required hereunder, except where specifically stated otherwise in this solicitation, including, but not limited to:

- i. All cleaning supplies such as, but not limited to, disinfectant, waxes, cleaning and polishing agents, etc. All cleaning supplies shall be of high quality so as not to mark, stain or damage the surfaces on which they are applied and shall be subject to the approval of Wayne County's representative.
- ii. All power equipment such as floor machines, upright vacuum systems and all other equipment shall be provided by the Contractor. For the treatment of the various types of flooring, carpeting, etc., only such materials as are recommended and approved by the flooring manufacturers shall be used. AMENDMENT NO. 1 TO A SOLE-SOURCE CONTRACT WITH SAF-GARD SAFETY SHOE CO., EXTENDING THE TERM, TO PROVIDE SAFETY BOOTS FOR 630 DEPARTMENT OF PUBLIC SERVICES' EMPLOYEES, PER THE COLLECTIVE BARGAINING AGREEMENT (2026-33-005M1)

CONTENT

The Department of Public Services (DPS), Roads Maintenance Division, is requesting Commission approval of Amendment No. 1 to a sole-source contract with Saf-Gard Safety Shoe Co. (of Greensboro, NC), extending the term, to provide safety boots for 630 Department of Public Services' employees, per the collective bargaining agreement.

The Roads Maintenance Division advises that "current employees are entitled to \$200 and new employees will receive a percentage. This amendment is for DPS-Roads 450 employees, Equipment/IPPM 36 employees, Field Engineering 62 employees, Environmental Services Division (ESD) 3 employees, ESD 4 employees, ESD 18 employees and Parks 57 employees."

The Department of Management and Budget, Procurement Division (Procurement Division), advises that "the employees are entitled to purchase safety boots every year."

SOLE-SOURCE APPROVAL

The Procurement Division advises that, "Saf-Gard has 2 locations in metro Detroit and has a mobile truck supplied with safety boots. Their 30 day guarantee, 6 month warranty, free shipping, returns and exchanges in addition to their variety of work boots makes them the sole source for this purchase."

AMOUNT

The amount is \$126,000 and increases the total not-to-exceed amount from \$89,000 to \$215,000.

TERM

The term is extended through September 30, 2027. The term of the original contract is from July 17, 2025 through September 30, 2026.

WHY THIS IS BEFORE THE COMMISSION

- Pursuant to Section 120-121(a) 1. a. of the Procurement Ordinance:
 - Sole-source contracts in excess of \$150,000 require Commission approval.

PRELIMINARY CONCERNS

- **Can the Department specify what “NAPA auto and truck parts” and how many of each will be purchased through this cooperative agreement?**

ANSWER: “No, this is an on demand contract not an inventory type contract. Napa has millions of parts within their online website.”

- **Is this purchase for replacement parts for vehicles in the current fleet? If yes, for what and how many vehicles? Please specify.**

ANSWER: “Yes, there are around 850 vehicles and trucks in the County fleet.”

FISCAL QUESTIONS with DEPARTMENT'S RESPONSES

- 1) The contract is written as though the City of Livonia has the contract with MDOT. Please confirm this is true.

RESPONSE: True

Office of Fiscal Agency

FISCAL QUESTIONS with DEPARTMENT'S RESPONSES (cont.)

- a. If the MDOT contract is with the City of Livonia, why does the Document Approval Page 2 of 2 indicate that this project is #30-565 on the Roads CIP? Why would it be on the County's CIP list if it is primarily a City of Livonia project?

RESPONSE: To account for the County's contribution to the project as part of the budget for Fiscal Year (FY) 2025 Highway Safety Improvement Program.

- b. If the MDOT contract is with the City of Livonia, why is there grant funding information in TCM/SciQuest (it is marked "Yes", grant funding sources are listed, and grant match information is included)?

RESPONSE: No there is no grant funding, and no Grant Matching funds. TCM should show Total Project Cost \$469,964, Federal Funds \$317,724, Livonia Share \$76,120 and County Share \$76,120.

- c. If the MDOT contract is with the County, what is the contract number?

RESPONSE: The MDOT Contract is with Livonia, the MDOT Job Number is 220125.

- 2) This IGA is just for the funds to be paid to the City of Livonia. Why is there additional information in the Funding Source section of TCM/SciQuest?

RESPONSE: Funding information is used for Asset Management purposes

- 3) Section 1.14 of the agreement defines Working Capital Advance as a non-interest deposit by the County with the City, which will be used by the City for project costs. In the attached letter from the City, no mention is made of a Working Capital Advance. Is the County required to provide a Working Capital Advance to the City of Livonia?

RESPONSE: Section 1.14 is in the Definition Section only.

A CONTRACT WITH THE MICHIGAN DEPARTMENT OF TRANSPORTATION FOR IMPROVEMENTS TO ROAD INTERSECTIONS IN 10 DOWNRIVER COMMUNITIES AND A SHARED-USE PATH FOR THE DETROIT RIVER/DOWNRIVER LINKED GREENWAYS (2026-30-011)

CONTENT

The Department of Public Services (DPS), Engineering Division, is requesting Commission approval of a contract with the Michigan Department of Transportation (MDOT) for improvements to road intersections in 10 Downriver communities and a shared-use path for the Detroit River/Downriver Linked Greenways.

DPS advises that construction is anticipated to start in April 2026.

AMOUNT

The contract is in the estimated amount of \$2,421,900.

Funding for the project will consist of \$315,900 in State funds, \$421,200 in Friends of Detroit River/Downriver Linked Greenways (FDR/DLG) funds and \$1,684,800 in Federal funds.

DPS advises that FDR/DLG are nonprofits overseeing this project.

DPS advises that “the project was officially advertised in December and we have received bids. A low-bid contractor has been determined and MDOT is currently going through their pre approval process before the contract is awarded. The company with the lowest bid is the Cement Century Company and we expect to hear if they have been awarded within the next month.”

There will not be a cost-sharing intergovernmental agreement for this project.

TERM

The term of the contract will commence upon Commission approval through September 30, 2029.

SCOPE

Part I:

Concrete sidewalk, curb and gutter, curb ramps and shared use path for the Downriver Linked Greenway in River Rouge, Ecorse, Wyandotte, Riverview, Trenton, Flat Rock, Gibraltar, Rockwood, Brownstown Township and Grosse Ile Township in Wayne County; including tree removal and clearing, aggregate, earthwork, storm sewer, underdrain, concrete paving, guardrail, trail safety rail, appurtenances, traffic and countdown pedestrian signal work, controller and cabinet, pedestrian pushbuttons, wireless interconnect, backplates, rectangular rapid flashing beacons, boulder wall, contractor staking, brick pavers, permanent signing and pavement markings; and all together with necessary related work.

Wayne County's Responsibilities:

1. Pay for the cost of preliminary engineering, construction engineering, construction materials testing, inspection and right-of-way
2. Pay for the cost of replacing any lead or galvanized service water lines
3. Appoint a project engineer who shall be in responsible charge of the project and ensure that the plans and specifications are followed
4. Perform or cause to be performed the construction engineering, construction materials testing and inspection services necessary for the completion of the project
5. Submit biweekly pay estimates and construction contract modifications to MDOT in a timely manner
6. Furnish MDOT with proposed timing sequences for trunkline signals that, if any, are being made part of the improvement
7. Design or cause to be designed the plans for the project
8. Pay for all project costs not reimbursed by federal funds
9. All payments will be made within 30 days of receipt of billings from MDOT
10. Upon completion of construction of the project, enact and enforce ordinances that prohibit parking in the roadway right-of-way
11. Work with MDOT and other relevant stakeholders to ensure that the project area is not an environmental hazard
12. Maintain exclusive jurisdiction of the highway
13. Ensure Americans with Disabilities Act compliance for all facilities
14. Approve all the project's plans, specifications and changes

15. Provide comprehensive assistance and cooperation in defending and resolving any claims brought against MDOT by vendors for the project

MDOT’s Responsibilities:

1. Provide funds for road improvements

IMPACT ON FUTURE FISCAL YEARS

Approval of this contract will have a fiscal impact on future fiscal years until FY 28-29.

FISCAL COMMENTS

- This contract is between the County of Wayne and MDOT for this particular project.
 - MDOT has not yet advertised this project, so the lowest bidding contractor has not yet been determined.
- There will not be a cost sharing intergovernmental agreement for this project.
- This project is funded through Act 51 funds.

FISCAL CONCERNS/QUESTIONS with DEPARTMENT'S RESPONSES

1) Is this project on the Roads CIP?

RESPONSE: Yes

a. Is so, what is the project number?

RESPONSE: 30-586

2) Section #2 of the contract states, "The cost associated with replacement of any lead and/or galvanized service lines, including but not limited to contractor claims, will be the sole responsibility of [Wayne County.]" Is this project expected to include the replacement of any lead and/or galvanized service lines?

RESPONSE: No

Office of Fiscal Agency

FISCAL CONCERNS/QUESTIONS with DEPARTMENT'S RESPONSES (cont.)

- a. If so, what is the County's cost for this? Will a contract for these costs be brought to the Commission for approval?

RESPONSE: N/A

- 3) Section II, B. states, "Prior to advertising of the project for receipt of bids, [Wayne County] may delete any portion or all of the project work." Does the County plan to delete any portion of the project work? If so, how will this affect the cost structure?

RESPONSE: The county does not plan to delete any portion of the project work in this contract.

- 4) Section II.G. states, "[Wayne County], at no cost to the Project or [MDOT], shall make such arrangements with railway companies, utilities, etc., as may be necessary for the performance of work required for the Project but for which Federal or other reimbursement will not be requested." Are any such costs expected to be incurred by Wayne County?

RESPONSE: No

- a. If so, how much does the County expect to incur?

RESPONSE: N/A

- b. Will a contract for these costs be brought to the Commission for approval?

RESPONSE: N/A

- 5) Section II, paragraph H states, "[Wayne County], at no cost to the project, or [MDOT], shall secure, as necessary, all agreements and approvals of the project with railway companies, the Railroad Safety & Tariffs Division of [MDOT] and other concerned governmental agencies other than the FHWA, and will forward same to [MDOT] for such reviews and approvals as may be required." Does the County expect to incur any costs related to this paragraph?

**AMENDMENT NO. 1 TO A THREE-YEAR CONTRACT WITH A ONE-YEAR OPTION TO RENEW WITH GREAT LAKES ENGINEERING GROUP, LLC, EXERCISING THE OPTION TO RENEW AND EXTENDING THE TERM, TO ADD TO THE SCOPE FOR ENGINEERING DESIGN SERVICES FOR THE NORTHVILLE ROAD BRIDGE REPLACEMENT OVER THE MIDDLE ROUGE RIVER IN NORTHVILLE TOWNSHIP
(2023-30-059M1)**

CONTENT

The Department of Public Services, Engineering Division, is requesting Commission approval of Amendment No. 1 to a three-year contract with a one-year option to renew with Great Lakes Engineering Group (GLEG), LLC (of Lansing), exercising the option to renew and extending the term by two years, to add to the scope of services to continue to provide engineering design services for the Northville Road Bridge replacement over the Middle Rouge River (Structure No. 12124) in Northville Township.

AMOUNT

The amount is \$30,001.73 and increases the total contract not-to-exceed amount from \$196,132.75 to \$226,134.48.

This project is Act 51-funded.

SUBCONTRACTORS

Per the total contract amount:

Subcontractor	Work to be Performed	Amount	Percentage
Spalding DeDecker (of Rochester Hills)	For topographic survey and Michigan Department of Transportation (MDOT) plans	\$26,825.61	11.86%
GeoTrans Consultants, LLC (of Brighton)	For soil borings and geotechnical engineering	\$31,925.92	14.12%
Taiga Engineering, LLC (of Dansville)	For hydraulics and Michigan Department of Environment, Great Lakes, and Energy (EGLE) permitting	\$4,390.95	1.94%
ASTI Environmental (of Brighton)	For wetland survey of wetlands and assist with EGLE permitting	\$34,236.81	15.14%

TERM

The term is from August 3, 2026 through August 2, 2029. The term of the original contract is from August 3, 2023 through August 2, 2026.

SCOPE OF SERVICES

Per Appendix A-1: GLEG's Letter, of Amendment No. 1:

"In Wayne County's original March 2023 RFP for the design of the Northville Road Bridge over the Middle Rouge River (STR 12124), the project was intended to be let locally through the Wayne County letting process. In November 2025, the project was selected by the MDOT Metro Regional Bridge Council. This selection changed several aspects of the project including adding MDOT Local Agency Program (LAP) oversight. Because the project is now being administered through MDOT LAP several additional tasks need to be completed:

- Attending additional meetings required by MDOT LAP
- Complete and submit MDOT Programming Application
- Complete and submit National Environmental Policy Act Form 5232, including the required exhibits, maps and clearances
- Complete bat survey

Additionally, it is anticipated construction for the Northville Road Bridge will take place during 2028."

Per the original contract:

The bridge is located on Northville Road south of Six Mile Road between Mill Street and Riverview Street in Northville Township and crosses the Middle Rouge River. The bridge consists of slab superstructure of west extension and 5 steel beams of original superstructure resting abutments with approximate length and width of 64 feet and 62 feet, respectively. The design engineering services are for bridge replacement. These are itemized accordingly thereafter to meet the desired project's quality assurance and quality control, as well as the project's deliverables.

Pre-Design Service

- Review of MiBridge Safety Inspection Reports
- Review of the existing bridge plans
- Review of EGLE field review comments and recommendations
- Review of real estate documents and obtain property information of Northville Road and adjacent properties
- Kickoff meeting with the Wayne County Department of Public Services to collect any additional existing information and review potential options for the proposed replacement and scheduling
- Propose of construction staging. Full road closure is preferred.
- Perform traffic counts in accordance with State of Michigan requirements (if the available counts are older than 3 years)

Real Estate and Survey Service

- Perform all necessary topographic and right-of-way surveys including cross section (channel), hydraulic analysis (existing and proposed conditions). EGLE permit requirements and earthwork quantity calculations, as necessary. Survey shall reference the NAD83 Michigan South coordinate system, international feet, and NAVD88 vertical datum for the survey. Topographic survey limits will extend approximately 300 feet each side (north and south) of the bridge center.

- The road right-of-way and adjacent landowners will be researched and identified utilizing Wayne County plat and tax maps. This information will be placed onto the plans accordingly. Plans shall be developed in AutoCAD format and the topographic mapping shall be reviewed in the field for accuracy. Any necessary adjustments shall be made accordingly to the plans.

Testing and Geotechnical Service

- Obtain soil borings, sediment samples, rock coring, etc. within the project's limits and provide a geotechnical investigation report and analysis of the following to the County:
 - Roadway soil classifications
 - Roadway ground water table
 - Streambed scour analysis
 - Rock coring within streambed
 - Bridge foundation recommendations
- Obtain samples for the asbestos testing and determination in accordance with U.S. Environmental Protection Agency (EPA)/EGLE and the Michigan Occupational Safety and Health Administration (MIOSHA) procedures and requirements. Asbestos Determination Certification shall be provided to the County.
- If applicable, obtain samples for the lead paint testing and determinations in accordance with EPA/EGLE and MIOSHA procedures and requirements. Lead Paint Determination Certification shall be provided to the County.
- Apply and purchase/secure all necessary permits for the soil boring and other samples investigations.

Utility Coordination

- Send out utility information requests to the various public and private utilities located within the project limits and shall be cross-checked against the collected survey information. Any potential utility conflict shall be reported to the County.
- Set up, contact the various utility owners and attend a utility coordination meeting. Any planned and/or required (due to conflict) utility removals and/or relocations shall be designed accordingly and coordinated prior to the project startup. Also, to be incorporated into the construction documents as appropriate.
- If needed and as directed by the County, prepare the plans for Municipal utilities relocation to obtain a permit from the County and State agencies.

Plan Preparation/Specifications/Estimates (PS&E) Bid Documents

- Summarize and analyze all collected obtained information during the stages of Pre-Design, Real Estate & Survey, Testing & Geotechnical and Utility Coordination services. This information shall be developed into AutoCAD format plans and documentations. Any potential issues shall be addressed and resolved during design sequences.
- Perform necessary hydraulic computations and scour analysis as required by the EGLE. This analysis will be completed to determine the impact to the water surface elevation and energy grade line between the existing condition and proposed condition. The hydraulic analysis shall be completed as follows:

- Review Federal Emergency Management Agency (FEMA) Flood Insurance Studies and Flood Insurance Rate Maps (does not include FEMA Coordination)
- Request flood discharges from the EGLE
- Use hydraulic and topographic survey supplemented with existing plans to create hydraulic model cross-sections and bridge data
- Compare existing and proposed hydraulic models
- Prepare hydraulic report per EGLE report submittal requirements
- Perform scour analysis and use MDOT Bridge Advisories. The results from the scour analysis will be used to determine proposed footing depths and/or to design scour countermeasures. A scour report will be prepared to summarize scour findings and countermeasure requirements.
- Design for HL-93 Modified live load per the latest The American Association of State Highway and Transportation Officials Load and Resistance Factor Design Bridge Design Specification. Provide initial load rating for the proposed superstructure rehabilitation replacement design to verify the proposed structure will carry all Michigan legal truck loading.
- Prior to the preliminary plans, a type, size and locations (TS&L) plan will be developed with associated construction costs for submittal, review, and approval to the County.
- Prepare necessary hydraulic and structure engineering data and apply for the Joint Permit Application required by the EGLE/U.S. Army Corps of Engineers and/or U.S. Coast Guard
- Prepare and conduct a field mussel survey and relocate all non-federally listed native mussels. The work will be conducted using Michigan Department of Natural Resources' protocols for mussel surveys. Collect all living and non-federally listed mussels during the survey, including any state listed protected monitoring events of the project location as required by the federal agencies.
- Prepare and apply for a permit/clearance from:
 - U.S. Fish and Wildlife Service (USFWS)
 - Michigan Natural Features Inventory (MNFI)
- Prepare preliminary structure plans in compliance with the County requirements
- Prepare special provisions for construction. Standard specifications will follow both Wayne County standard specifications, as well as MDOT standard specifications as they relate to structure construction and roadway construction.
- Develop quantities and prepare preliminary construction cost estimates (MERL) for the project
- Prepare traffic control plans (including development of the maintenance of traffic quantities and any specific requirements). Apply and purchase/secure a permit from MDOT, local municipalities, railroad, etc.
- Incorporate soil erosion and sedimentation control measures into the plans
- Incorporate necessary permanent pavement markings and signing into the plans
- Plan to attend a project coordination/utility coordination meeting during preliminary plan development (65% complete) with the County and any affected utilities

- Submit the 95% complete preliminary final plan package plan, specifications and cost estimates (PS&E) to the County for review and approval
- Prepare for the preliminary final plan package review meeting and attend the meeting
- Make necessary revisions and modifications to the PS&E documents per the comments addressed at the preliminary final plan package review meeting
- Submit 100% complete final plans, specifications and a final cost estimate to the County for advertising
- All digital information for the project design including, but not limited to: spreadsheets, AutoCAD files, hydraulic analysis files, bridge design files, scour analysis files, survey and all other documentation required to complete the design shall be submitted to the County.

Engineering Assistance during Letting and Construction

- Respond to all Contractors' Requests for Information (RFIs) during bidding and construction
- Attend the preconstruction meeting
- Review and approve shop drawings as necessary
- Attend meetings and site visits during construction (three meetings/site visits)
- Upon construction completion:
 - Final as-built constructed plans shall be provided to the County for County's records
 - Final load rating shall be prepared and provided to the County. The load rating shall be prepared using AASHTOWare Virtis Software
 - Post-construction inspection per National Bridge Inventory guidelines shall be performed
 - Bridge/culvert safety inspection report (BSIR/CSIR), and structure inventory and appraisal (SI&A) form shall be updated and provided to the County

Primary Design Elements

Below are the design elements that are the main focus of the project design. However, it shall not preclude including other elements that are needed to fully complete the design.

Bridge Replacement:

- Replace completely the bridge's deck, beams, abutments and approaches with the associated sidewalks, guardrails and railings
- The new bridge is desired to have one span only (no piers) with 3 lanes and 2 sidewalks (5 feet each)
- The new bridge shall be hydraulically adequate
- Reconfiguration of the bridge/road storm sewer system shall be needed

Channel Pathway

- Clean/remove some of the sediment accumulated at the face of the abutments. Contaminated sediments shall be disposed appropriately, and a coffer dam shall be required
- Clear/remove vegetation of the channel's pathway within the road right-of-way

Guardrail Repairs

- Replace/adjust existing guardrail to be in compliance with the current state and federal standards and regulations. Guardrail replacement/adjustment limits shall be up to wherever it meets the standards.

WHY THIS IS BEFORE THE COMMISSION

This amendment is before the Commission because full approval authority is retained by the County Commission for contracts for supplies and services at or in excess of \$150,000 under Procurement Ordinance Section 120-121(a).

FISCAL ASSESSMENT

FISCAL SUMMARY

This resolution would approve a three (3) year contract renewal/modification (2nd contract overall) between the County of Wayne and Great Lakes Engineering Group, LLC (Lansing, MI) in the amount not to exceed \$30,001.73. Of the \$30,001.73, an estimated \$5,122 is allocated for FY 25-26. ***The term of this contract modification extends the expiration date to August 2, 2029.***

- ***The overall term of the contract renewal/modification will be from August 3, 2023 to August 2, 2029.***
- This contract renewal/modification is for additional funding and an extension of time.
 - This contract renewal/modification requires additional funding and an extension of time due to this project being selected by the MDOT Metro Regional Bridge Council resulting in MDOT Local Agency Program oversight, which requires additional services of Great Lakes Engineering Group such as:
 - Attending additional meetings required by MDOT LAP;
 - Complete and submit MDOT Programming Application;
 - Complete and submit NEPA Form 5232, including the required exhibits, maps and clearances; and
 - Complete bat survey.
- This contract renewal/modification will exercise the one (1) available one-year renewal option and also extends the contract for two (2) additional years, for a total extension of three (3) years. After this renewal option is exercised, zero (0) renewal options remain.

COMMITTEE ON PUBLIC SERVICES

March 10, 2026

E.10. Pipeline Management Company, LLC

(2024-70-010M1)

Wayne County Commission Office of Commission Counsel

Alisha R. Bell
Chairwoman

Committee Analysis

Re: Pipeline Management. Co., LLC (2024-70-010M1)

March 5, 2026

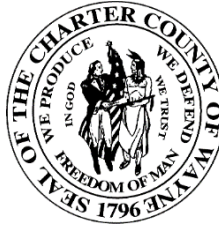

The Department of Public Services – Environmental Services Division (the “Department”) is requesting approval of a retroactive first amendment to an agreement with Pipeline Management Co., LLC (the “Contractor”) for as-needed sewer jetting and cleaning services for blockages that occur periodically throughout the Rouge Valley Sewage Disposal System, to add \$200,000 for a total contract amount not-to-exceed \$380,000 (the “Modification”).

HIGHLIGHTS

- **The Contractor provided and the Department accepted services in violation of Section 120-50 of the Procurement Ordinance.** Section 120-50 prohibits the “performance or payment on a contract prior to approval by the County Commission and execution by the Chief Executive Officer.” The Wayne County Commission authorized \$180,000 for environmental services in the original agreement. The Contractor performed services totaling \$255,365. The Contractor exceeded the authorized amount by \$75,365 in violation of the Procurement Ordinance.
- ****PAYMENTS ISSUED TO THE CONTRACTOR EXCEEDED THE APPROVED CONTRACT AMOUNT BY \$49,688.50.**** Any amount paid to a contractor must be authorized by a contract and/or purchase order. In instances where a contractor performs services in excess of the approved contract/purchase order amount, payment should not be issued because the accounting system limits payments to the amount of the contract/purchase order. Here, the Contractor was somehow paid more than the approved contract amount. The Department stated, “[i]n a push to get invoices processed and paid in Oracle for FY 24/25 and the PO not being transferred from JDE into Oracle, it was missed that the contractor has went over the PO amount.” **However, it is not clear how payments can be issued on a (proposed) contract that has not gone through the County’s approval process.**

**RETROACTIVE AMENDMENT NO. 1 TO A TWO-YEAR COMPARABLE-SOURCE PROFESSIONAL SERVICES CONTRACT WITH A ONE-YEAR OPTION TO RENEW WITH PIPELINE MANAGEMENT COMPANY, LLC TO CONTINUE TO PROVIDE SEWER JETTING AND CLEANING SERVICES FOR THE ROUGE VALLEY SEWAGE DISPOSAL SYSTEM, AS NEEDED
(2024-70-010M1)**

CONTENT

The Department of Public Services (DPS), Environmental Services Division, is requesting Commission approval of retroactive Amendment No. 1 to a two-year comparable-source professional services contract with a one-year option to renew with Pipeline Management Company, LLC (of Milford) to provide sewer jetting and cleaning services for the Rouge Valley Sewage Disposal System (RVSDS), as needed.

Comparable-Source

Per the original contract, DPS advises:

- In comparison to other companies, Pipeline Management Company, LLC is the most experienced and knowledgeable company that is familiar with the RVSDS infrastructure and was successfully awarded this contract in 2021. Their response time has been quick to situations even during the holidays. For example, there was a sewer discharge at Hines Park and Pipeline Management Company, LLC came out during the 4th of July weekend to ensure the cleanup was completed timely for residents to use the park. Pipeline Management Company, LLC is a full-service Michigan Department of Transportation (MDOT)-approved trenchless rehabilitation and inspection contractor. They are an MDOT-prequalified construction contractor. Pipeline Management Company, LLC also has a cooperative purchasing agreement with Oakland County. They are committed to providing dependable, timely, cost-effective, responsive and innovative solutions. Also, Pipeline Management Company, LLC has been used by many municipal clients with environmental challenges to their underground infrastructure such as: Waterford Township, City of Taylor, City of Pontiac, Independence Township, Oakland County Water Resources Commissioner, City of Farmington, University of Michigan, Marion, Howell, Oceola and Genoa Utility Department and Redford Township.

AMOUNT

The Amendment No. 1 amount is \$200,000 and increases the total not-to-exceed amount from \$180,000 to \$380,000.

TERM

The term remains from October 17, 2024 through October 16, 2026, with a one-year option to renew.

PURPOSE

DPS Environmental Services Division advises that “this service is necessary to remove blockage from the drains, allowing them to perform at their peak capacity, prevent property damage, and maintain compliance with State and Federal law.”

SCOPE

Project Description

Pipeline Management Company, LLC will provide sewer jetting and cleaning services for the RVSDS, as needed.

Qualifications

Pipeline Management Company, LLC must have the necessary staff and equipment to safely mobilize, provide traffic control devices (e.g., cones and signs), perform confined space entry, provide post preparation videos and logs and perform jetting, Vactoring or cutting with industry standard nozzles and/or chain knockers.

Specifications

General

The Environmental Services Division anticipates that numerous maintenance projects will be performed during the duration of the contract.

Contractor Availability

Pipeline Management Company, LLC must be available for emergency services, with the ability to mobilize on site and be ready to work within two hours of being notified for any emergency maintenance or repair.

Inspection

The Environmental Services Division shall provide inspection/supervision for each project.

Work Cancellation

The Environmental Services Division will have complete discretion to cancel work due to weather and/or other circumstances with no penalty to the County.

Invoicing

Invoicing shall be performed on a project-by-project basis or a mutually agreed-upon schedule.

Non-Productive Time

Non-productive time due to equipment failure will not be included in the invoices.

Safety

Pipeline Management Company, LLC shall be responsible for adhering to all local, State and Federal safety standards

Bypass Pumping and Dewatering

Pipeline Management Company, LLC shall provide bypass pumping and dewatering services as needed.

Sewer Cleaning and Jetting

Cleaning shall include, but not be limited to, the removal of dirt, grease, rocks, roots, other foreign solid or semi-solid material and obstructions from designated sewer lines and structures, including disposal of the materials. This work shall conform to the applicable portions of the National Association of Sewer Service Companies.

RETROACTIVITY

Performance on this amendment was performed prior to Commission approval in violation of Section 120-50 of the Wayne County Procurement Ordinance (Ordinance No. 2006-1101, as amended), and that violation of Section 120-50 may be cause to debar a Person (as defined in Section 120-50) from receiving County contracts.

If the County incurs actual liability, of any kind, the Department of Corporation Counsel shall initiate civil action to recover the County’s costs, expenses and damages as set forth in Section 120-50.

Lastly, a resolution has been proposed that recognizes this amendment is in violation of Section 120-50 of the Procurement Ordinance.

WHY THIS IS BEFORE THE COMMISSION FOR APPROVAL

Pursuant to Section 120-121(a) 1. b. of the Procurement Ordinance:

- Comparable-source contracts in excess of \$115,000 require Commission approval.

FISCAL CONCERNS/QUESTIONS with DEPARTMENT'S RESPONSES

- 1) How much has been paid to Pipeline, to date, regarding this matter as a whole (original plus all modifications)?

RESPONSE: \$229,668.50

- a. Only \$180,000 has been approved for this contract so far. How have invoices totaling \$229,668.50 been paid?

RESPONSE: In a push to get invoices processed and paid in Oracle for FY 24/25 and the PO not being transferred from JDE into Oracle, it was missed that the contractor has went over the PO amount. Also, due to the fact that the sewer jetting are a health and safety issue due to trying to avoid any flooding, services continued.

- 2) What is the total amount of outstanding invoices, to date, owed to Pipeline regarding this matter as a whole (original plus all modifications)?

RESPONSE: \$25,696.50

- 3) What is the total amount of services already rendered, to date, from Pipeline for which the County has not yet received an invoice regarding this matter as a whole (original plus all modifications)?

RESPONSE: \$0

- 4) Is the additional \$200,000 that is being requested under this modification a “not to exceed” amount?

RESPONSE: These are the anticipated amount of funds that we need for the duration of the contract.

- 5) Why is the additional \$200,000 being requested?

RESPONSE: We have experienced a larger than expected need for this service and have run out of funds on this contract which does not expire until 10/16/26

FISCAL CONCERNS/QUESTIONS with DEPARTMENT'S RESPONSES *from original contract analysis*

- 1) How much was paid during the three-year term of the previous contract (including modifications) with Pipeline Management Company, LLC (2021-70-012) for these same services?

RESPONSE: \$148,366

- a. Are there any outstanding invoices? If so, what is the total amount of these invoices?

RESPONSE: No

- 2) Please provide the breakout of how much was spent on materials, equipment, labor, and equipment rentals during the three-year term of the previous contract (including modifications) with Pipeline Management Company, LLC (2021-70-012).

RESPONSE: Labor = \$75,681.00, Equipment = \$59,301.00, Materials/Supplies = \$13,383.87 Total = \$148,365.87

- a. \$148,365.87 spent over three years averages to about \$49,455 per year. This contract is for \$180,000 for 2 years, which averages to \$90,000 per year and is an 82% increase from the previous contract. Please explain why \$180,000 is being requested for this contract.

RESPONSE: The original contract was for \$120,000 for 2 years w/an option to renew for an additional year. We exercised the option to renew for an additional year and had to add \$30,000 to the original contract. This contract is for 2 years with an option to renew for an additional year. We expect the \$180,000 to be sufficient for 3 years without having to add more funds with the option to renew for the 3rd year. Additionally, Equipment Rates for this contract (3 years 2024/2025 thru 2026/2027) has increased 80% from the Equipment Rates 2020/2021 – 2023/2024 contract. Likewise, the labor rates for 2024/2025, 2025/2026, and 2026/2027 is expected to increase 4% each year (please see Appendix B: Compensation attached to the contract).

FISCAL CONCERNS/QUESTIONS with DEPARTMENT'S RESPONSES *from original contract analysis (cont.)*

3) It was indicated on the letter to Procurement that Oakland County holds a cooperative purchasing agreement with Pipeline Management Company.

a. Can Wayne County enter into a similar agreement with Pipeline?

RESPONSE: Yes, Wayne County can enter into a similar agreement. WC Procurement Division Director is looking into the Oakland County Cooperative Agreement with Pipeline Management.

i. If so, will this reduce the cost of this contract?

RESPONSE: No, not this contract. But it can keep these rates fixed for future contracts and it can allow us to not have to go out to bid for any future contracts while we are in the cooperative purchasing agreement term. The Cooperative Purchasing Agreement with Oakland County was competitively bid and awarded to Pipeline Management.

FISCAL QUESTIONS with DEPARTMENT'S RESPONSES *(previously asked questions)*

1) In Appendix A, paragraphs 3.5 and 5 both set forth the method of payment, which is on a project-to-project basis; while Section 9 of the contract requires monthly invoicing. Please clarify, when is the Contractor required to provide invoices.

RESPONSE: The Contractor must provide invoices only after appropriate work has been performed commensurate with the progress expected pursuant to Exhibit A.
