Re: Revised Facility Inclusion Request Application  
For the Riverview Land Preserve

Dear Mr. Cullen:

On behalf of the Riverview Land Preserve (RLP), Cornerstone Environmental Group, LLC, a wholly owned subsidiary of Tetra Tech (Tetra Tech) is submitting this revised Application for a Facility Inclusion Request submitted originally on January 6, 2021. Your recent email (dated July 13, 2021) informed us of a misinterpretation on the Application page, which is hereby corrected and attached to this letter.

On our original application we provided the current permitted capacity of the RLP. The intent of the Application is to provide the total amended capacity in the Request. We have therefore amended the application to include the total proposed capacity and trust that this will be acceptable.

You stated in your email that the revision will not impact the current schedule for the Application/Request and public hearing scheduled for August 2, 2021 at 1:30 p.m. We appreciate the information and the opportunity to correct our Application.

Please feel free to contact me with any questions you have about this at 248-991-9592 (office) or 517-881-1166 (mobile).

Sincerely,

**CORNERSTONE ENVIRONMENTAL GROUP, LLC A TETRA TECH COMPANY**
