PLEASE READ CAREFULLY - The following list of items **MUST** be provided:

1. **PERSON IN CHARGE:** A person in charge must be present at all times and demonstrate knowledge of the 2009 Food Code.

2. **COLD STORAGE:** Must be provided and capable of maintaining 41°F or less. Mechanical refrigeration is the most effective means to meet this requirement.

3. **HOT FOOD STORAGE:** Must be capable of maintaining food at a minimum of 135°F or greater. Stab type food product thermometer with a minimum range of 0°F to 220°F shall be provided.

4. **BOOTH PROTECTION:** All four sides must be covered and a roof must be provided. If screening, must be at least 16 mesh. Unscreened opening(s) shall be limited to service windows only and shall be capable of being closed when not in use.

5. **FLOOR:** Must be constructed of concrete, asphalt, non-absorbent matting, tight wood or removable platforms that minimize dust and mud.

6. **HAND WASHING FACILITIES:** Must be provided by one of the following methods:
   a. Hot and cold tempered running water, soap and paper towels.
   b. A five gallon container with a spigot filled with potable clean, warm water and a receiving bucket of equal or larger volume, soap and paper towels.
   c. Hand wipes (individual moist towels) pre-packaged food items only.

7. **No bare hand contact with ready-to eat food. Food employees may not contact exposed ready-to-eat food with their bare hands. Suitable utensils shall be used.**

8. **WARE WASHING:** Three portable sinks, large enough in size to accommodate the utensils for the purpose of washing, rinsing and sanitizing, with an adequate daily supply of detergent and sanitizing agent (one tablespoon of bleach per gallon of water).

9. **BARBECUE GRILLS:** Wood or charcoal fires must be outside the enclosure in a segregated roped-off area.

10. **IDENTIFICATION:** Name, address, and phone number of the booth operator must be prominently posted on the front exterior of your facility.

11. **WATER PROTECTION:** Approved type water protection devices as determined by the Wayne County Health Department must be approved.

12. This list is not all-inclusive. The Wayne County Health Department may impose additional requirements to protect against health hazards related to the conduct of the temporary food service establishment and may prohibit the sale or service of any potentially hazardous food.
