

CAUTION

ADULTS WHO WORK WITH LEAD NEED TO TAKE PRECAUTIONS

Protect yourself and your families from lead poisoning.

Wash hands
before eating,
drinking, smoking
or touching your
face.

Store street
clothes in a
separate locker
from your work
clothes.

Shower, wash your
hair and change
into clean clothes
before leaving
work.

Wear the proper
protective
equipment on the
job, including a
respirator.

Wash work clothes separately from
other laundry. After washing lead-
contaminated clothing and removing
them from the machine, run the rinse
cycle once before using the washing
machine again.

Talk with your doctor about getting a lead test for you or your child if:

You believe you have
been exposed to lead

You are at risk
of lead exposure

For more information, visit
www.michigan.gov/lead or call the
Childhood Lead Poisoning Prevention
Program at 517-335-8885.
