

EASIER  
THAN  
EVER!

bcbsm.com

Managing your health care plan  
online has never been easier

## Find all your health care plan information — in one convenient place

At [bcbsm.com](http://bcbsm.com), you can find all your medical, dental, vision and pharmacy plan information together in one secured location. Check your coverage, deductible and claims information. Monitor your out-of-pockets costs. Shop for doctors and hospitals. You can do it all online, anytime. With all your health care plan information in one convenient spot, you can easily manage your benefits.

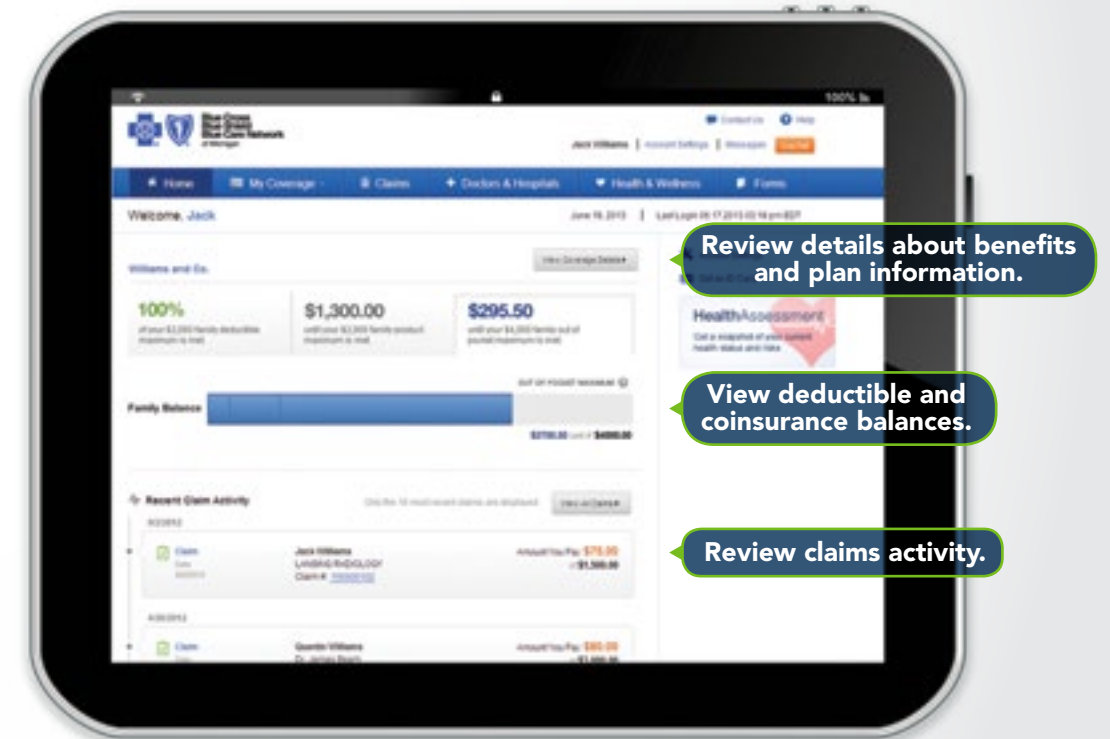

### Check your benefits

See a snapshot of all your plans pulled together in one clear view. Easy-to-understand, time-saving charts show your deductibles, coinsurance balances and claims. Now you can easily check to see what's covered by your plan.

### Monitor your claims activity

Your member account at [bcbsm.com](http://bcbsm.com) shows recent claims activity, including how much your plan covers and how much you'll owe. You can check claims activity as far back as two years or narrow your search results to see exactly what you need. The site also shows you the health service that has been billed by the provider, what was billed, what your plan paid and what you might owe. You can also track your out-of-pocket costs throughout the year.

Search for health care providers

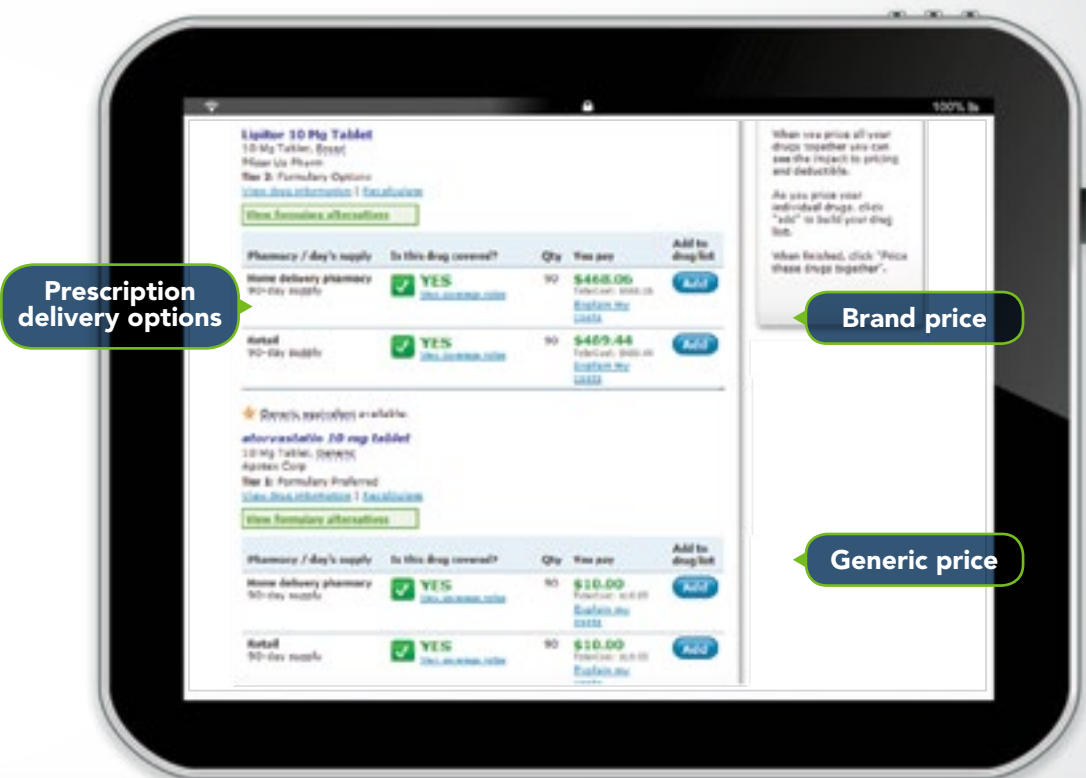

The **Find a Doctor** feature at **bcbsm.com** allows you to search for doctors and hospitals across the country. You can compare them by plan, specialties, languages spoken and hospital affiliations. Plus, you can see quality ratings, accreditation information and patient reviews.

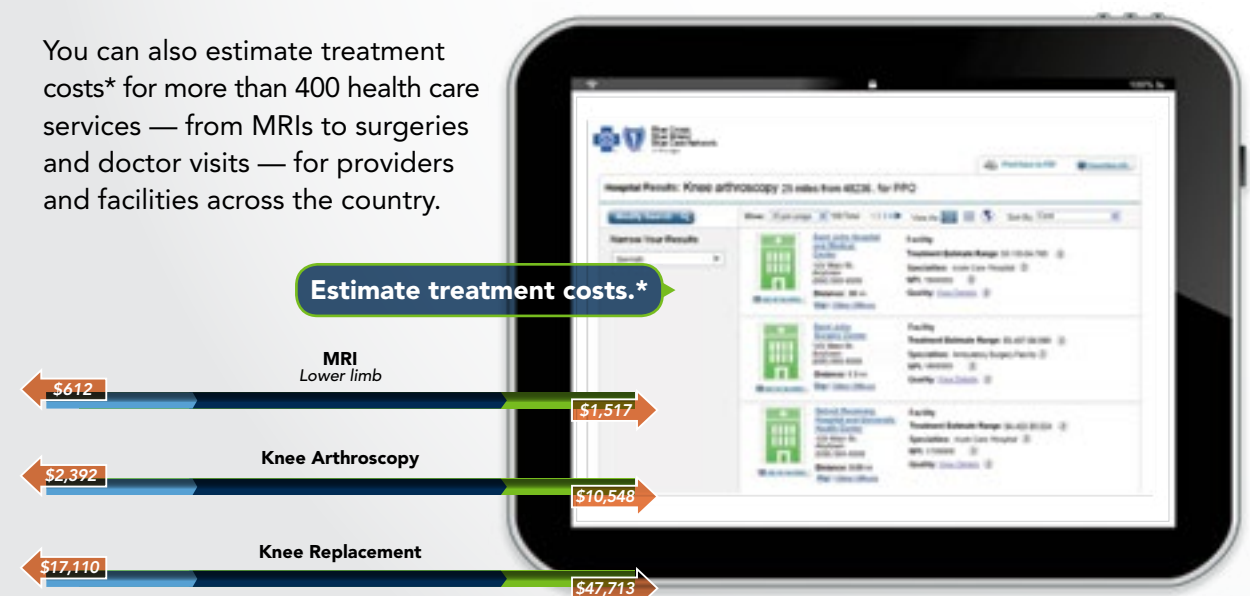

Look up your prescription benefits and costs

Find an easier way to manage your pharmacy benefits at **bcbsm.com**. Look up your prescription history and medication options. See what your deductible, coinsurances and copayments are under your plan, and what types of medications are covered. Research your prescriptions and the closest pharmacy.

You can even see what you'll pay out of pocket for a prescription under your health plan. Easily compare the cost between brand-name and generic drugs to see how you can save money.

You can also estimate treatment costs\* for more than 400 health care services — from MRIs to surgeries and doctor visits — for providers and facilities across the country.

Costs shown here only for illustration.

\*Cost information for PPO members only.

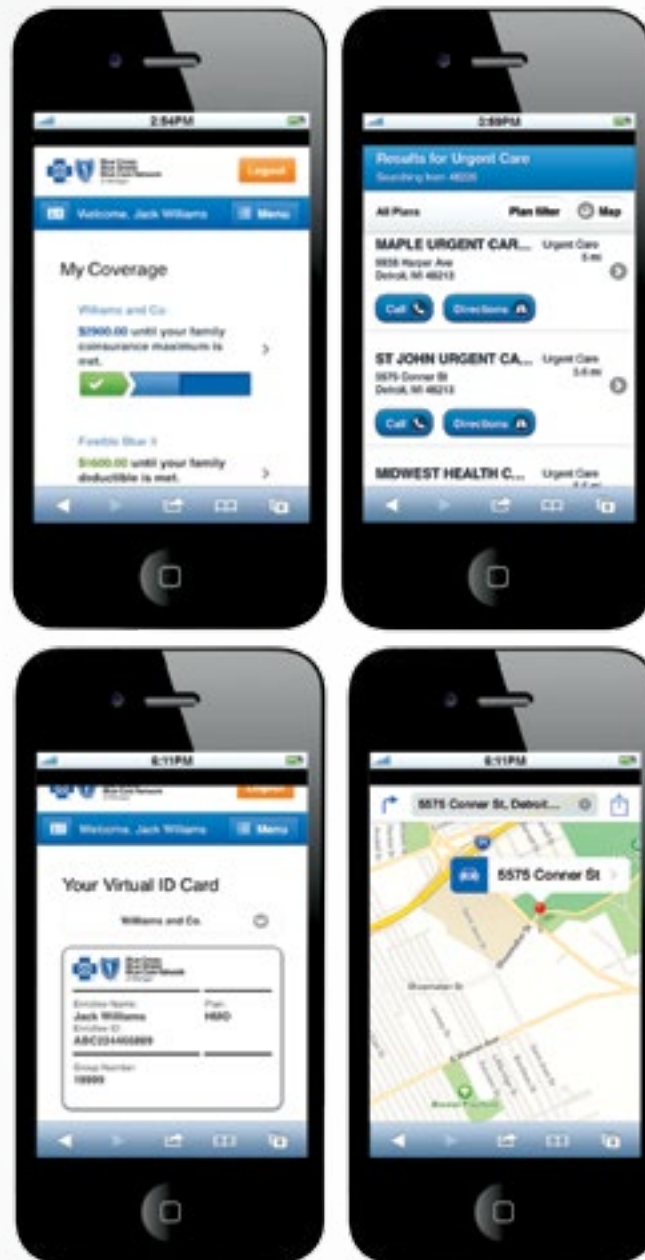

### Access your plan information on your mobile device

Many of the same valuable features you'll find on [bcbsm.com](http://bcbsm.com) you can also access on your mobile device. Coverage information, claims status and claims history — you'll find it all on the mobile website. No need to download an app.

Forget your Blue Cross or Blue Care Network ID card? Don't worry. Pull up a virtual version on your phone.

Need to find the closest urgent care center? Step-by-step navigation gets you there quickly.

### Register today.
