

Michigan's new No-Fault Auto Insurance law that takes effect on July 2, 2020 differs from the current law in several significant ways. As a result, you may wish to contact your auto carrier or agent to discuss the new coverage options. Depending upon the option, you may be asked about your health care coverage.

Your Wayne County health care plan meets the requirements to be considered qualified health coverage under the new No-Fault Auto Insurance law. If you need documentation to provide to your auto carrier or agent, please contact the Benefits Department:
